Thank you for email dated 3rd January 2013.

The Police Authority's correspondence register records 8 letters and emails received during the period 1st December 2011 to 31 January 2012 from members of the public.

The number of phone calls from an external source for this period is 444. Unfortunately it is not possible to determine how many of these calls were from members of the public and how many were from other external sources.
