INTERNAL CONTROL FRAMEWORK

4. We have previously highlighted there had been a number of changes in last eighteen months including the implementation of the new finance system and the centralisation of the corporate resources systems that had impacted on the effectiveness of the internal control arrangements. The internal audit work undertaken has established that there has been an improvement in the control framework and the embedding of the new financial systems and processes. There are no new matters to raise in this SICA. These emerging matters are not necessarily all the control related risks facing the organisation at this time.

LIAISON

5. **Liaison with external audit:** We have provided Grant Thornton, the new External Auditors, with requested information relating to the staff working on the internal audit contract and our views on the risks of fraud within the organisation. We have provided copies of 2013/14 internal audit plan, all final reports issued to date during the year and details of the work completed on the move to the new financial ledger at the beginning of the 2012/13. We have prepared an Audit Protocol for Internal/External Audit which has been provided in draft to Grant Thornton for comment.
6. **Liaison with the Police Audit Group:** We are liaising with the Police Audit Group (the body which represents internal audit for police services) to establish best practice for delivering an effective internal audit service.

PROPOSED CHANGES TO THE ANNUAL PLAN 2013/14

7. We are not proposing any further changes to the Annual Plan for 2013/14 at this time.

FRAUDS/IRREGULARITIES

8. We have not been advised of any frauds or irregularities during the period.
